AMERICAN MADE  FAMILY OWNED

1841-03 SOFA

AMERICAN MADE
CUSTOM FURNITURE
SINCE 1945

ROOM TO GATHER

The perfect refuge for free spirits and weary travelers, a place to rest and relax before embarking on yet another daring journey. Its welcoming embrace offers a cozy seat, perfect for gathering with others and sharing tales of your reckless adventure.

1820-03

CLASSIC COMFORT

As you settle into its embrace, a deep sense of calm takes over—free from judgment or expectation. The scent of leather fills the air, blended with the warm aroma of old books and the soft rustle of pages turning.

450-03

I AM THE MAIN CHARACTER

It's not just the material that makes this chair a monument to self-love—it's in the design itself. Every curve and contour is thoughtfully crafted for ultimate comfort using the human form, embracing you in pure comfort and relaxation.

123-01

SENSE OF CALM

Here, on this sofa, you'll find more than just comfort—it's a retreat from the noise of the outside world, a peaceful space where thoughts can flow freely and ideas can come to life.

2350-03

RUGGED SPIRIT

Here, one finds not just a place to rest but a connection to something greater—a connection to the land and the legacy of those who came before. It is a reminder of the resilience of the human spirit and the enduring power of the American frontier.

116-01

SWIPE RIGHT

This isn't just another handsome leather sofa—be warned, its embrace is hard to resist. The rich scent of leather blends with hints of aged whiskey, creating an atmosphere of warmth, intimacy, and nostalgia.

L3153-3

HEAVY ROTATION

As you settle into its comforting embrace, a rush of exhilaration takes over—like speeding down an open road, wind in your hair and the engine's roar in your ears. This isn't just a chair; it's a command center, a place where you can take charge with confidence and ease.

S1656-01

MODERN RELIC

With its sleek lines and retro aesthetic, this chair evokes images of vintage automobiles and boats cruising the coastline, their bodies gleaming in the sunlight. From its bucket seat to its steering wheel armrests, every detail pays homage to the golden age of automotive design.

1228-01

CUSTOM COLLECTIONS

43 SERIES

This attractively scaled-down sofa is a statement of defiance, a declaration against the mundane. Its restful cushions, molded by conversations of bold adventures and unfiltered revelations, invite you to sink in and embrace the now.

L4322-4U

CUSTOM COLLECTIONS L6 SERIES

Approach with caution—this inviting collection of leather sofas, chairs, ottomans, and sectionals is hard to resist. Once you sink into its comfort and admire its elegant design, there's no turning back.

L6101

CUSTOM CURATED LEATHERS

Our curated leathers possess a distinctive allure, crafted with an artisan's touch and imbued with a sense of character and individuality that sets them apart from mass-produced counterparts. Each piece tells a story, its surface adorned with intricate patterns and designs meticulously pressed by skilled hands.

House of Cotswold

A Love Letter to English Elegance

Step into a world where tradition meets tailored luxury. House of Cotswold is the debut of our signature **fabric-to-frame series** crafted for those who adore the richly layered, lived-in charm of an English hunting lodge.

Imagine heirloom leathers, hand-selected fabrics, and finishes that whisper of heritage and sophistication, all chosen for you. No guesswork. Just effortless refinement.

Whether you're designing a stately library or a cozy corner by the fire, House of Cotswold makes it beautifully simple to bring that warm, collected, centuries-old allure into every space.

L9600/9700 SERIES

Design Your Own

The Leather L9600/9700 Design Your Own Series provides frames in two distinct sizes: the classic 96 series scale for a traditional fit or the more generously proportioned 97 series for added space and comfort.

The 96 or 97 prefix determines the overall scale of your sofa, chair, or sectional. Once you've selected your preferred size, personalize your piece by choosing from a variety of arm, back, and base options, allowing you to create a design that perfectly reflects your individual style and comfort needs.

WHITTEMORE SHERRILL LTD.

L9600/9700 Design Your Own Series

All the Design Your Own Series frames are available in the traditional 96 series scale or the more generously scaled 97 series. The 96 or 97 (L6 or L7 for Leather) prefix determines the scale of your Sofa, Chair or Sectional. You can then personalize your frame choice by selecting Arm, Back and Base options to suit your individual style.

LEATHER TYPES AND GLOSSARY

FAT WRINKLE – Natural wrinkles in the leather grain that are part of the unique beauty. These are only visible in top grain leathers.

FINISHING – Any process performed after the initial dyeing stage such as buffing, embossing, flame-proofing, milling, spraying, waterproofing, waxing, etc.

FULL ANILINE – Leather receiving its color from dyes and also a topical stain, wax, and/or water repellent.

HAND – Term that describes leather’s softness and feel.

HIDES – Skins of large animals, almost always from cattle.

LEATHER – A hide or skin that has been tanned into a non-perishable material.

PATINA – A surface luster that develops on Pure Aniline and Nubuck which grows more beautiful with the passing of time.

PURE ANILINE – Leather which receives its color from dyes and exhibit natural markings and characteristics.

TANNING – The process of converting a raw hide into a stable non-perishable state.

FULL ANILINE

- The finest leather available, always made from premium-quality, full-top grain hides (the surface of a full-grain hide has not been mechanically altered).
- The softest, most luxurious and natural looking leather.
- More likely to fade and stain: will feature noticeable range marks, barbed wire scars, wrinkles, scratches, and brands.
- Unretouch, resulting in subtle color and shading differences from hide to hide – and even within a hide.
- Generally more expensive than other types of leather.

NUBUCK

- High quality, full top-grain leather buffed or sanded to a velvety, suede-like nap.
- More likely to fade and stain: will feature noticeable range marks, barbed wire scars, wrinkles, scratches, and brands.
- Soft and beautiful; more durable than a true suede that is produced from lower quality split-grain leather.
- Unretouch, resulting in subtle color and shading differences from hide to hide – and even within a hide.
- Generally more expensive than other types of leather.

PIGMENTED

- Least likely to fade or stain.
- Sanded surface and a faux embossed pattern create a highly uniform and consistent texture.
- Coated with a clear sealant to enhance stain resistance.
- Opaque dyes create a rich and uniform coloration that minimize natural marks and scars.
- Excellent durability with minimal maintenance.

CHARACTERISTICS AND CARE

NATURAL VARIATIONS & SHADING

Premium aniline-dyed leather displays subtle variations of color across the surface of the hide. When the hide is cut and sewn together, care is taken to attempt to match adjacent pieces, but subtle color differences may occur. These are not signs of poor quality; in fact, they highlight the unique and natural quality of premium leather, left unmasked by opaque dyes and varnishes.

NATURAL TEXTURE

Premium leather hides used for upholstering furniture exhibit slightly non-uniform surface qualities, depending on the area of the hide from which they were cut. Pigmented-dyed leathers are buffed and embossed to obscure these natural texture characteristics. Variations in texture are not flaws and will not effect leather durability.

Common Surface Variations

- I. **Scratches** - Smooth to the touch, these rub marks may accept dye with slight variation to the surrounding area.
- II. **Wrinkles** - Natural folds highlight unique grain patterns.
- III. **Healed Scars** - Barbed-wire scratches and deeper rubs create organic surface texture and one-of-a-kind authentic leather character. These marks do not affect the durability of the hide.

SPOTS AND SPILLS

While the leather initially repels most spills, they will be absorbed if not treated properly. Blot any liquids immediately with a clean absorbent cloth or sponge, then let air dry. If a spill is absorbed, it will dissipate over time as the leather naturally diffuses the stain.

CUSHIONS

Our standard cushions are of the highest quality, High Resilience Urethane or Spring Fortrel depending on style. (Reference Frame # in price list for standard cushion). We also offer optional cushions as well as levels of tailoring. (See below for details).

HR-UD seat cushions are high crown urethane core with polyester fibers encased in ticking.

SPRING-FORTREL is a Marshall Spring unit enclosed in a urethane core wrapped with polyester fibers encased in a down proof ticking.

LUX-DOWN seat cushion is an Ultra-cell foam core wrapped into a down proof ticking of ultra down filling which is a blending of down, feathers and polyester fibers.

Soft & Relaxed

OPTIONAL THROW PILLOWS

Adding optional throw pillows is a great way to customize your furniture order. Whittemore-Sherrill offers a varying assortment of throw pillows in your choice of fabric, leather or fabric/leather or fabric/leather combination - depending on the style. (See price list and sketches below for details.) All throw pillows are standard with 90/10 Feather/Down.
